

City in a Garden Photography Competition

Themes

1. Our Parks and Gardens

Our parks are designed to cater to a wide range of lifestyle needs. These idyllic green spaces complemented with the various amenities available, such as spas, pony rides as well as sports facilities, make parks and gardens key preferred destinations for recreation. Whether for leisure, nature appreciation, a quiet evening walk or sports, your park experience can be special every time. There is a park for everyone.

- Activities in parks: community gatherings, family outings, sports
- Park landscapes
- Examples of places to visit (eg: East Coast Park, Pasir Ris Park etc)

2. Trees and Forests

In conjunction with the United Nations- sanctioned “International Year of Forests”, we celebrate the age-old guardians that form the backbone of our garden city – trees. They can be found in nature areas, and also along roads and park connectors. In short, they are everywhere. Just look up – and be surprised at the trees that make Singapore an urban forest. Look out in particular for our heritage trees, the majestic mature trees that are conserved and treasured as important aspects of our national history.

- Heritage Trees and Heritage Roads
- Roadside greenery, park connectors

3. BiodiverCity

Singapore may be well-known as a bustling city-state and a centre for commerce – but it is also rich in biodiversity. Our local flora and fauna, which may often be hidden from the public eye, are waiting to be captured and revealed through your lenses. Visit our parks and nature reserves to uncover the wealth of nature’s treasures there.

- Flora (Plant life)
- Fauna (Animal life, exclusive of domestic pets)

4. My City in a Garden

Singapore’s goal is to be a city where greenery is seamlessly and beautifully woven with the urban landscape. This vision is the next stage in the evolution of the Garden City and will be realised in the lives of all in Singapore. In this City in a Garden, greenery co-exists in harmony with daily life – whether at home, at work or at play.

- What is your City in a Garden vision?
- Green cityscapes
- Scenes of greenery integrated with hardscape
